Do you live in Somerset or close-by? If so, this is an opportunity for you to receive contact healing from the Sanctuary's volunteer healers. Please come and experience this wonderful relaxing healing therapy, a special time just for you. It will be lovely to see you and if you can, why not bring a friend to meet us and give them the opportunity to experience the healing too.

We do not make a compulsory charge for regional healing but as a charity, donations are essential for our work to continue. We hope that you can help towards our costs and suggest a voluntary donation of £20 or more.

To book an appointment, please contact
